

"Chasin' Lovin' Rainbows"

I'm an hour late and a dollar short
A thousand more in debt
I've got a brown haired - blue eyed lady
Though she don't know it yet

I've got a broken heart torn right apart
by a love that wasn't true
Oh blue eyed lady I'll be comin' home to you

And I'll be rollin' with the punches as I make that upward climb
I'll be playin' all my hunches I ain't wastin' no more time
And my heart will be wide open for whoever might drop in
As I chase that lovin' rainbow once again

I'm a desperate man I'll play a fast hand
No matter what the bet
I've got a future to remember
And a few things to forget

I've been a sucker for the ladies
and I guess I'll always be
If I seem crazy please don't pay no mind to me

And I'll be rollin' with the punches as I make that upward climb
I'll be playin' all my hunches I ain't wastin' no more time
And my door will be wide open for whoever might drop in
As I chase that lovin' rainbow once again
Oh yes I'll chase that lovin' rainbow once again
I'm goin' to chase that lovin' rainbow once again
Watch while I chase that lovin' rainbow once again
