

One More Time
by
Bicycle Bill

E E7

I'd like to take what's true and write it down

A7 E

Take what's right and wrong and draw a line But when you're

A7 F#7

on the line it's hard to see and what's right to you ain't

F#7 A7 E

right to me and that's the way I see it one more time

E7 A7 E

CHORUS: One more time I'm going to try to say it one more time

B7 E7

Schuffle those words around until they rhyme One more

A7 E

time I'm goin' to write it down One more time and it's

B7 E

goin' to come up sideways one more time

VERSE #2:

I'd like to tell her just what's on my mind
But she'd get scared and the words are hard to find
Words come harder - the harder I try
She'll never really know me and she'll never know why
Unless she learns to read between the lines
