

Transistorized - Demagnetized Baby

I've got a woman she don't talk back  
I keep her in a shed down by the railroad track  
She runs on batteries ya see  
She's programmed just for me

Chorus:

Transistorized Demagnetized baby  
Programmed just for me  
Transistorized Demagnetized baby  
Programmed just for me

I've got a woman She's my love  
She's my one and only turtle dove  
I swear by sky and stars above  
She's programmed Yes programmed just for me

Repeat Chorus

I've got a woman She's ideal  
I can't believe that she's for real  
She's got no temper she's got nerves of steel  
She's programmed Yes programmed just for me

Repeat Chorus

I've got a woman She's so fine  
I can't believe she's mine all mine  
She's model number 85209  
She's programmed Yes programmed just for me

Repeat Chorus

I've got a woman She's so kind  
I must admit that she was quite a find  
She's got no conscience and she's got no mind  
She's programmed Yes programmed just for me

Repeat Chorus
